

# Trails

This section is designed to include ONLY special trails in the council. These are not parks, such as the KATY trail, but hiking trails that are not part of a state park or conservation area.

**Mark Twain Trail, Hannibal, MO**

This trail is about 10 miles long, half of which is off-road. All of the historic sites of Hannibal are included. Trail is well-marked and maps are available. Should contact Trail Committee in advance to have someone meet you at the start. Patches available. Trail is rugged in parts; water and restrooms available en route. The route was changed in 2000 due to completion of I-72. Plenty of water is recommended, especially in summer months. Time: about 5 hours
